

A P A C T

AND MY PROMISE TO YOU

“Getting the right medications to our patients at the right time can make a difference in their care. That’s why we use technology that double-checks medication doses, looks for drug interactions and tracks medication usage. It’s a matter of patient safety.”

*Kelly Mueller, RPh
Alton Memorial Pharmacy Manager
and Patient Safety Officer*

At Alton Memorial Hospital, your safety is our priority. ☺ We have a team of health-care experts that regularly reviews our practices to help us provide the best, safest care for all our patients. ☺ This team of dedicated professionals — people like patient safety officer Kelly Mueller — has helped Alton Memorial improve the administration of antibiotics to prevent infections. ☺ And they created a better identification system for outpatients to ensure they consistently receive the right medication and procedure. ☺ You will find ongoing commitment to patient safety from every member of our health-care team. ☺
