

A PACT

AND MY PROMISE TO YOU

“ Working at Boone is great because there's a lot of teamwork between the nurses and physicians. There's mutual respect for co-workers that contributes to providing outstanding care. Everyone works together in the best interest of the patient. ”

Marlee Hegadorn, RN, MS
Boone Hospital Center
Director, Women's and Children's Health

Expectant mothers want

personalized care. 🌟 At Boone Hospital Center, we provide a private, individualized birth experience that's positive for the entire family. 🌟 Mothers know they're receiving the best care possible at Boone. 🌟 Our on-site neonatal intensive care unit and team of highly trained physicians and staff are right there to handle any situation. 🌟 In addition, Boone has a comprehensive infant security program and classes for infant CPR, safe babysitting and siblings. 🌟 Maybe that's why Boone's maternity department was ranked #1 by patients asked about their willingness to recommend Boone. 🌟 Marlee Hegadorn and the entire women's and children's health team are why more mothers choose Boone than any other area hospital.
