AND MY PROMISE TO YOU

“When I give you medication in our emergency department, our new system verifies that I’m giving you the proper dose and also allows me to check for drug allergies. So you receive the medication and dose that’s right for you.”

When you need emergency care, your only concern is feeling better. ☺

At Barnes-Jewish St. Peters Hospital, caring professionals like Wendy Confer will help you do just that. ☺ By applying innovative safety systems and processes, we also work to provide you with quality care. ☺ Our Emergency Department’s new computerized patient documentation system is the only one of its kind in St. Charles County. ☺ Our caregivers use the technology to update your current medical information, check for drug allergies and help you get the right medicine in the right amount. ☺

It’s one more tool that helps Barnes-Jewish St. Peters Hospital’s skilled nurses and physicians deliver the safe, compassionate care you expect. ☺
