

A P A C T

AND MY PROMISE TO YOU

“Once the patient is in the OR suite, a ‘time-out’ occurs. Together, the OR team verifies the surgical procedure and the site before surgery begins. I’m committed to providing quality care for all our patients.”

*Mary Marshall, RN
Christian Hospital
Surgery Center Director*

Surgery can be an uncertain time for patients. Providing safe, effective surgery is a top priority for Mary Marshall, Surgery Center director. She makes sure that surgery patients can count on attention to detail from registration to the time the patient reaches the recovery area. Surgical sites are identified, marked and verified by the surgery team and, whenever possible, the patient. The Christian Hospital surgical team is proud to be part of an organization that’s committed to the best possible care for you and your family.
