

Health, Healing & Hope

ANNUAL REPORT 2023

OUR MISSION:

TO SUPPORT THE HEALTH, HEALING AND HOPE OF OUR COMMUNITY THROUGH THE WORK OF BARNES-JEWISH ST. PETERS HOSPITAL AND PROGRESS WEST HOSPITAL.

ANNUAL REPORT • 2023

The Barnes-Jewish St. Peters and Progress West Foundation is dedicated to supporting the health, healing and hope of our community through the work of Barnes-Jewish St. Peters Hospital and Progress West Hospital. With a consistently growing community, it is vital that we are here to support the expanding needs that come along with that growth. We are so grateful for the generous support we have received, allowing us to continue this impactful work.

In 2023, we were successful in positively impacting the health of our community, both inside and outside the walls of our two hospitals, as well as our many supporting BJC HealthCare facilities across St. Charles County. Thousands of patients visiting Barnes-Jewish St. Peters Hospital received the healing benefit of therapy services such as horticulture therapy, massage therapy and yoga therapy. This includes patients receiving treatments at our Siteman Cancer Center of St. Peters. Being able to provide these supporting layers of comfort for our community during their health visits has shown to greatly increase their ability to heal. At Progress West Hospital, we also include support for our youngest patients and their families through our St. Louis Children's Partnership Fund. Comfort care items such as pediatric teddy bears are delivered upon entry into our emergency department to help ease any anxiety for our young patients. Newborn books and other supplies are provided for families being cared for by our women's services/NICU teams. We make sure all families are well prepared to care for their newborns by providing birthing classes, diapers, blankets, car seats and much more, when needed.

Our frontline caregivers are dedicated to providing extraordinary care for our community. Our teams give every bit of themselves to make sure our patients are cared for.

In St. Charles County, we are values powered, wellness focused and breakthrough results driven.

Values Powered – while we are rooted in our BJC values of compassion, respect, excellence, safety and teamwork, we are powered by how these values align with the personal values of our team members across our hospitals.

Wellness Focused – we put the wellness of our patients at the forefront of everything we do but we also take time to recognize the wellness needs of ourselves. Our teams give their all every day and it is important that we continue to allow ourselves the opportunity to refuel. Providing extraordinary care also means taking extraordinary care of ourselves.

Breakthrough Results Driven – we strive for excellence in every aspect of care we provide. Through the imagination and innovation of our dedicated team members, we are continuously setting the standard for extraordinary care across St. Charles County.

We see this each day and it is important for us to support our patient care teams. In 2023, we helped support our teams through ways like celebration breakfasts or lunches, employee recognition events, scholarships and financial support for our newest team members just joining the healthcare workforce. This year we also instituted the Code Lavender bereavement and trauma support program. Coordinated by our nursing leaders, this program offers emotional comfort during some of the most difficult times our caregivers may experience.

Through your tremendous support, we can create positive experiences for our community during their

health journey. There is still much work to do, and we are incredibly appreciative to have our community partners walk alongside us on this journey. As we look ahead, it will be critical that we continue the growth of our work to keep pace with the expanding health needs of our community. Thank you for your generous and intentional support of the Barnes-Jewish St. Peters and Progress West Foundation.

With Gratitude,

Scott Liebel
Board Chair

Health, Healing & Hope Highlights

This past year brought us back to a place of normalcy and opened the door to many new opportunities including new and creative ways to support our patients, caregivers, and community.

2023 HIGHLIGHTS

The Foundation connects donor funds to the place where they are needed most. Through the support of our dedicated benefactors, we were able to achieve over **23,500 touch points** with our patients, their families, and our BJC team members through our therapy services alone. Those services include message therapy, horticulture therapy, pet therapy, and yoga sessions. Our patients experience a personal touch through the supply of neck pillows, headphones, phone chargers, teddy bears for our youngest patients, and more. We were able to serve our patients with over **4,300 comfort items** throughout the year.

We are sometimes able to support patients by covering the cost of medical devices and medications when their insurance will not. These devices impact the effectiveness of care, the comfort of care, and can even be lifesaving. In 2023 we were able to provide one Life Vest, 4 mouthguards used during cancer treatments, and over 100 prescriptions of medical barrier cream. By providing these items alone, we were able to **save patients in need nearly \$10,000** in out-of-pocket expenses.

We often say that the Foundation starts where the hospital walls end. Mental health has been identified as one of the areas of health needing the most support in our community. This past year, we were able to **fund the acquisition of a therapy dog, Millie**, to partner with Officer Stephen Schue of the St. Charles County Police Department's Community Resource Division. Millie's mission is to be a healing presence in our community schools. Together, Millie and Officer Schue have already made an incredible impact in Millie's first few months of service, visiting nearly every school in St. Charles County.

SPECIAL EVENTS

Our dance card was full of events in 2023. The year saw our very first in-person Ribbon of Hope event; this event helped to spread joy and hope for our patients and bring awareness to all the services and therapies accessible right here in St. Charles County. Our 9th annual Golf Classic saw a sold-out tournament and raised over \$60,000. The event season was rounded out with a trip back to the middle-ages at our annual Health, Healing, and Hope Gala: Quest for Camelot, which raised a record breaking \$190,000.
